**Audience: Public School District BCBA's**

This monthly symposium is offered in partnership with MassABA and is designed for BCBA's currently practicing within the framework of local public school districts. Participants will discuss the unique challenges that Behavior Analysts face in developing quality behavioral programming for students with special needs in public school settings. Expert speakers will join group meetings periodically throughout the year to address relevant topics that BCBA's face in their districts. Participants will engage in group initiatives to help standardize the role of ABA practitioners in schools and streamline the delivery of ABA services.

*\*The Behavior Analyst Certification Board ("BACB") does not sponsor, approve, or endorse ACCEPT Education Collaborative, the materials, information, or sessions identified herein.*

**Facilitator: Anne Donovan, ACCEPT Education Collaborative, M.Ed., BCBA, LABA**

Anne Donovan has been serving as the Director of ACCEPT Education Collaborative's School Consultation & Assessment Services for over 10 years. She has extensive experience working with public school districts and Collaboratives to develop a range of special education programs and services and provide professional development opportunities to build districts' capacity to meet the needs of diverse student populations. Anne's interests include special education program development and improvement based on systemic evaluation. She has presented at numerous conferences and workshops on a variety of topics in the field of Special Education, and she also serves as an Adjunct Faculty member at Bridgewater State University and Framingham State University where she teaches graduate level courses.
