

ABA 1:1 Instructor

We are looking for qualified candidates who have a passion for working with children, a willingness to learn, and who are seeking opportunities for career advancement!

Not RBT certified? *That's ok!* We will walk you through everything and even assist with costs associated with your certification!

Concerned about maintaining hours? *Don't worry!* After your initial training period, we move all of our staff to a salaried position which guarantees full-time hours and pay for every paycheck!

Job Summary

This is a teaching/tutoring position working directly with children with exceptional educational needs. Work performed includes specially designed instruction to meet the unique educational needs of each child. ABA 1:1 Instructors help children to develop mentally, physically, emotionally, and vocationally through the provision of appropriate individualized education. ABA 1:1 Instructors help children with exceptionalities to progress in educational and other social settings and prepare for life after school. ABA 1:1 Instructors assist in developing the child's individualized behavior program (IBP) by evaluating the child's progress through data collection and monitoring of behavior support services in varied learning settings based upon the individualized needs of each child; directly perform a variety of specialized learning techniques, communication strategies, and applied behavioral activities or techniques with children; assist in modeling the use of positive behavior support and intervention techniques for parents.
