1.0FTE Board Certified Behavior Analyst

The Wellesley Public School District is seeking a Board Certified Behavior Analyst to join the SKILLS program at Upham Elementary School. The SKILLS program supports students on the Autism Spectrum in both inclusion and substantially separate settings, across four program classrooms. Responsibilities will include, but are not limited to, the development of and supervision of implementation for individual behavior plans, programs books, behavior data collection and in-the-moment training/modeling for teachers, related service providers and paraprofessionals. The BCBA role will also provide crisis intervention support for students of all grade levels K-5 within the SKILLS program, as well as, provide consultation to other elementary schools who may be considering the referral of students to SKILLS.
