

Behavior Analyst

Job Description

Aspire Learning Center, LLC provides center and home based services to children and adolescents diagnosed with Autism Spectrum Disorder and other related disabilities and diagnoses. Our individualized teaching methodology founded upon the principles of Applied Behavior Analysis (ABA) is designed to improve functional living skills, decrease maladaptive behavior and increase independence thus promoting an improved quality of life. Aspire Learning Center provides Center and Home based ABA services, Speech and Language services, Social Skill Groups and School Based consultation.

General Responsibilities / Job Function

The Licensed Board Certified Behavior Analyst will lead assessment and program development for children and adolescents on a predetermined case-load. Responsibilities will include design and implementation of educational and behavioral programming, developing data collection systems, and providing training and consultation to paraprofessionals, ancillary service providers, and care-givers specific to the needs of the clients on their case-load. These responsibilities will be carried out across center and home settings.

Essential Duties and Responsibilities

- Designs and implements individualized Positive Behavior Support Plans and Instructional Lesson Plans
- Designs, collects, graphs and analyzes data to make empirically validated decisions on programming
- Provides training and supervision to paraprofessionals specific to their clients programming
- Provides consultation and training to caregivers
- Stays current with the most recent research/practice in applied behavior analysis
- Promotes active engagement of assigned consumer(s) across all sessions
- Communicates effectively with coworkers and supervisors

Qualifications

Education/Training:

- A Master's degree is required
- A Certification by the Board Analyst Certification Board, Inc. is required
- Must be licensed through the State of Massachusetts as a Applied Behavior Analyst
- Skill(s): Excellent interpersonal and communication skills, strong organizational and time management skills, proficiency with Microsoft Office and Excel
