INTERNAL POSTING

□ □ □ *VP of Clinical Services* *Randolph, MA*

May Institute seeks an experienced, collaborative, and knowledgeable clinical leader with the capacity and vision to lead a team of skilled professionals as they shape and guide the future of well-established educational programs.

Responsibilities □ □ □

- Oversight and management of all clinical/ABA services provided to students ages 3-21 in private school and residential settings.
- Ensure that students in the program are provided with intensive, evidence-based services designed to increase their level of independence and ability to participate more fully in their communities.
- Provide clinical leadership to both school and residential programs to address both individual/acute clinical needs as well as manage systemic clinical and educational systems
- Support clinical managers/supervisors in the planning, development, and implementation of clinical programs and initiatives, with the goal of helping students with disabilities reach their full potential.
- Monitor and improve program quality through strategic and data-driven initiatives
- Participate as an active faculty member of the doctoral level psychology training program (APA-accredited)

Qualifications □ □ □

- Ph.D. and BCBA
- Independent MA licensed or license-eligible preferred
- At least 5-10 years supervising BCBA/clinical staff in providing ABA services in school and/or residential settings
- Clinical expertise in evidence-based strategies for school-aged individuals with ASD
