

Employer: Nashoba Learning Group (NLG) was founded in 2002 to offer a different life trajectory for more seriously impaired students with Autism and their families. Our program is based on the scientifically validated principles of Applied Behavior Analysis (ABA), delivered by highly trained and supervised teaching staff, and customized for each student in partnership with the family. Today NLG's School Program has the capacity to provide outstanding, individualized education; training and intervention services for 130 students aged 3 to 22 with Autism Spectrum disorders so that they can achieve their potential and become productive members of society throughout their lives. Our School Program runs year round, 216 days per year.

Job Title: Understudy ABA Therapist

Qualifications:

Nashoba Learning Group's School Program is recruiting motivated and experienced individuals to fill 'Understudy ABA Therapist' positions. Staff hired in this entry level position will be working in a one-to-one setting with students. Experience in ABA is preferred, but not required.

- **General job responsibilities/requirements include (but are not limited to):**
 - Staff in the ABA Therapist position are given a case load of 4-5 students, that they work directly with, in a one-to-one setting
 - Teaching students to maintain appropriate/safe behavior, while working on academic skills, daily living skills and vocational skills (if appropriate)
 - Consistently collecting accurate data for academic programs, daily living skills, vocational skills and behavior (frequency, antecedent-behavior-consequence, duration, etc.)
 - A Bachelor's degree
